

See What's New in Grade 2!

Religion

The students will be receiving the Sacrament of Reconciliation on Thursday, February 25. We have been preparing for this sacrament. Then we will begin Sacrament preparation for First Holy Communion.

Language Arts

We are continuing to learn letters in cursive writing. Joining letters is a challenge, but students are progressing nicely with this skill.

Mrs. Gavin and I have been using the new reading evaluation system to assess the students' grade level placement. I am happy to report students seem to be improving weekly. Critical thinking skills are being taught in reading. Identifying the main idea and supporting details as well as inferring are areas of the curriculum we are working on during Feb.

Math

Regrouping with both subtraction and addition are being worked on throughout February. Even though the concepts are closely related the problems are very different and take lots of practice to master. Graphs of all kinds will also be taught this month.

Social Studies

Cultures are being studied in Social Studies. The student chose a culture to learn more about. They will share the findings with the class through written reports as well as with posters and oral reports.
