

To The Students, Parents and Staff of St. Mary's School:

We would like to take this opportunity to offer our heartfelt thanks for the support we've received during Courtney's illness. We were truly amazed at the number of people that continuously logged on to Courtney's site and offered us their thoughts and prayers. The numerous offers of assistance we received and the special grub day that was set up for Courtney were amazing as well.

Because of the wonderful support we've received, we haven't felt alone at all during this journey. It has definitely been very scary but the support and prayers sent our way have brought us a sense of comfort. We feel very blessed to be part of such a caring, generous community.

We now continue to focus on Courtney's recovery knowing that we have a wonderful support system around us. We are very grateful to everyone for helping us make our way through this.

We hope you and your families have a wonderful holiday season. Enjoy being with your loved ones. Each and every day is a blessing.

Dave & Laurie Slay
